## Abraham Lincoln High School-Summer Academy Application

This summer we are proud to offer the Lincoln High School Summer Academy Program. The University of California's Office of the President and Lincoln High School will sponsor this exciting program. We will offer this intensive academic program to incoming 9<sup>th</sup> grade students. The goal of this summer program is to help prepare students for high school English and mathematics and college requirements in mathematics.

The Lincoln High School Summer Academy prepares students for success in college while providing them the opportunity to share in the University of California's tradition of excellence and diversity.

The Summer Academy courses, taught by Lincoln High School faculty in small classes, are chosen to reflect the needs of students and the unique resources of the San Diego County. Every student in the Summer Academy takes a challenging English and Geometry course that prepares him/her for the Fall 2008 academic year. This program also provides individual tutoring and pre-college advising to all participants.

This challenging academic experience provides students with a repertoire of skills that allows them to pursue college majors requiring mathematics.
